fws\_taiwan\_guide(Hot Spring Guide)

It is very impolite to stare at other people's bodies

Some of the water might appear to be milky, greenish, muddy and have a strong sulfur smell

Do not bring valuable items with you

Do remember to take off all your jewellery before you enter the pool

Bring a small bag along if you are not staying within the hot spring resort (for your clothes, towel etc)

Most of the outdoor springs will require patrons to wear swimming costumes and swimming caps (man and woman mix)

Most of the indoor springs require patrons go naked (man and woman separate)

Local Government authority might impose their own directives within their controlled county/city
